[Welcome to the Greater Grimsby Business Directory](#)

Welcome to the Greater Grimsby Business Directory. This is an online guide to local businesses and is a free service provided by North East Lincolnshire Council covering the whole of the council area which includes the urban areas of Grimsby, Cleethorpes and Immingham.

As a local business your details can be included on the directory free of charge, enabling them to be available to interested parties looking for your services. Through the news and tender elements of the site you will also be able to find out what business events are happening and what tendering opportunities may be available to you. The Council's Economic Development Team will also use the system as a means to contact local businesses as part of their work to support and develop the local economy.

To join the Directory simply complete an online application form using the Register link above. Free inclusion on the register occurs when your online application has been approved.

Ensure your details are always up-to-date with your own secure login which is provided when your application to join has been approved. Use the Login link above to access your record.

Search the register to identify suitable suppliers or providers. Service providers on the register include a range of specialists such as accountants, designers, IT specialists, printers, solicitors, trainers and many more.

If you have any queries about this service please contact us on 01472 324602 or send an email to the [North East Lincolnshire Economic Development Team](#) and we will be happy to help.
